

## **Privacy Notice**

Thank you for visiting the Sentencing Commission's website. Our privacy policy outlines the types of information we learn when you visit our site and how such information will be used.

### **Information Routinely Collected and Stored**

If you visit our site to view or download information, we collect and store the following information:

- The name of the domain from which you accessed the Internet;
- The IP address from which you accessed the Commission's website;
- The date and time you access our site;
- The type of browser and operating system used to access the Commission's site;
- The pages you visit;
- If you linked to the Commission's website from another website, the address of the originating site.

This information is used solely for the purpose of evaluating and maintaining our site. From this information, we learn what users like and need; what kind of technology they are using; how often they visit; and other valuable information that helps us to offer the best site possible.

### **Information You Provide**

If you choose to provide us with personal information, perhaps to be placed on our mailing list or to request additional information, it will be used only for the purpose(s) you state. We collect such information only to respond to your requests. We do not share that information with others, and we do not collect information for commercial marketing.

### **Security Notice**

For site security purposes and to ensure that this service remains available to all users, this Government computer system employs software programs to monitor network traffic to identify unauthorized attempts to upload or change information, or otherwise cause damage.

Anyone using this system expressly consents to such monitoring and is advised that if such monitoring reveals evidence of possible abuse or criminal activity, such evidence may be provided to appropriate law enforcement officials.

Unauthorized attempts to upload or change information on this server are strictly prohibited and may be punishable by law, including the Computer Fraud and Abuse Act of 1986 and the National Information Infrastructure Protection Act of 1996.
